- Universal vehicle mount attaches to seat rail without any drilling necessary; 18" aluminum rod can be bent to your ideal position
- Round plate features industry-standard AMPS hole pattern and connects to a variety of RAM® device holders
- Made of powder-coated, marine-grade aluminum and high-strength composite for durability and reliability in the most demanding environments
- Backed by a lifetime warranty

PRODUCT INFORMATION

OVERVIEW

The RAM® No-Drill™ RAM-B-316-1-202U vehicle mount consists of the RAM® POD™ I base, 18" rigid aluminum rod, B Size 1" ball socket arm, and a round ball plate. The base of the mount connects to your seat rail without any drilling necessary. The 18" rigid aluminum rod can be bent to position your device an ideal viewing and operating angle. The 2.5" diameter round base adapter contains the universal AMPS hole pattern. For proper fit, make sure your vehicle has an appropriate bolt to mount the base securely. The RAM-B-316-1-202U is not compatible with 2014 and newer Chevrolet seats that have the seat hook system.
