RAM® Drill-Down Dashboard Ball Base with Backing Plate - C Size

Part #: RAM-202-225-2U **UPC:** 793442848995

FEATURES

- 2.5" round plate with C size 1.5" rubber ball connects to included 2.10" x 2.60" steel backing plate that connects to RAM® components containing the universal AMPS hole pattern
- Connect a C size RAM® double socket arm and device holder for your use-case; ball and socket technology allows for near-infinite adjustability
- Components made of powder-coated, marine-grade aluminum, and steel for durability and reliability in the most demanding environments
- Backed by a lifetime warranty

PRODUCT INFORMATION	
OVERVIEW	Meet your new go-to mount and component option for pairing any holder or dock with a dashboard drill-down mount. The RAM-202-225-2U consists of a 1.5" C size rubber ball connected to a 2.5" diameter round plate with the universal AMPS hole pattern and one 2.10" x 2.60" steel backing plate (hardware included). Connect a C size RAM® double socket arm and device holder that's perfect for your use-case. RAM®'s patented rubber ball and socket technology dampens shock and vibration and allows for near-infinite adjustment, enabling perfect viewing and operating angle of your device.
