- Access to speakers, mics, and headphone jack remain while device is docked; allows access to the GDS® shoulder strap loops on RAM® Skin™
- Backed by a 3-year warranty

PRODUCT INFORMATION**OVERVIEW**

The RAM® USB-C Powered Dock for Samsung Tab Active5, Tab Active3 & 2 (RAM-HOL-SAM60CPU) was thoughtfully designed to meet the demands of commercial truck drivers, field service technicians, pupil transporters, logistics managers, forklift operators, and more. Power and charging capabilities are provided to the device through GDS® pogo pins. This modular dock is compatible with the RAM® Skin™, factory device skin, and GDS® Hand-Stand™. Access to the stylus remains while the device is docked. Included is a set of four nuts and bolts to connect the dock to any RAM® components containing the universal AMPS hole pattern along with cable clamps and zip ties for cable retention.

WEIGHT	0.71 lb

SPECIFICATIONS**ADDITIONAL
INFORMATION**

Important: This dock is not compatible with any Power Delivery (PD) Chargers. While the dock contains a USB-C connector, the pogo pads on the side of the tablet will not support Power Delivery. Therefore, a non-Power Delivery charger is required to function properly.

This product will not support the "No Battery Mode" function of the Tab Active3. To support "No Battery Mode", see RAM® Tough-Case™ options here.
