- Magnetic plate features adhesive, two powerful magnets, and cradle
- Made of high-strength composites for durability and reliability in the most demanding environments
- Backed by a lifetime warranty

PRODUCT INFORMATION

OVERVIEW

The RAM® Magnetic Power Plate™ III is designed to hold various devices including radar detectors and cellphones. The magnetic plate includes two powerful rare earth magnets, a composite cradle, and one adhesive metal plate. To mount your device to the magnet, you will need to attach the metal plate to the back of your device. Includes a rectangular 50mm x 38mm x 0.08mm metal plate with adhesive back.
