- Backed by a lifetime warranty

PRODUCT INFORMATION	
OVERVIEW	The RAM® Lil Buddy™ Adhesive Dash Mount for Apple MagSafe® Charger (2024+) (RAP-SB-180-AP-MAG-1U) features an adapter puck to make the official Apple MagSafe® Charger (2024+) compatible with all Snap-Link™ mounting components from RAM® Mounts. This adapter offers a snug, precise fit for the newer Apple MagSafe® charging puck, allowing compatible iPhone models to magnetically snap into place when properly aligned. Included in this kit is the RAM® Lil' Buddy™ mount with RAM® Snap-Link™ connector, ideal for dashboard mounting in your vehicle. This product is compatible with the newer Apple MagSafe® Charger released in 2024 and later. It is not compatible with the original 2020 MagSafe® charging puck. Not sure which MagSafe® charger you have? If your charger cable is braided, it is a newer 2024+ MagSafe® Charger. If the cable is smooth with a soft rubber casing, it is the original 2020 MagSafe® Charger.
